

Fully vaccinated travellers entering Canada during COVID-19

Pre-border

- **Check that you are eligible to enter Canada.**
- **Check that you qualify for the fully vaccinated traveller exemptions. This means you have:**
 - received the full series of a vaccine or a combination of vaccines accepted by the Government of Canada (Pfizer-BioNTech, Moderna, AstraZeneca/COVISHIELD, Janssen, Johnson & Johnson); and
 - received your last dose **at least 14 days before your arrival to Canada.**
- **Fully vaccinated travellers must also meet all other entry criteria, including:**
 - submitting all required COVID-19 information into ArriveCAN prior to travel (if arriving by air, information must be submitted before boarding a flight)
 - meeting the pre-entry testing requirements
 - being asymptomatic upon arrival
 - having a paper or digital copy of your proof of vaccination in English or French (or certified translation); and having a suitable quarantine plan, in case you don't get the exemption or test positive after entry.
- **Within 72 hours before your arrival to Canada:**
 - take a pre-entry COVID-19 molecular test (Antigen tests are not accepted for entry)
 - use ArriveCAN to enter your information

At the border

- **Provide all required information and documents, including:**
 - ArriveCAN receipt
 - pre-entry COVID-19 molecular test results
 - proof of vaccination (paper or digital files)
 - other travel documents
- **Answer all eligibility, vaccination and health screening questions.**
- **If you have symptoms or do not meet the exemption requirements, follow the instructions provided by the government representative.**
- **If selected for mandatory randomized testing, follow the instructions upon entry to complete an Arrival test.**

What you need to enter into ArriveCAN:

- Contact & travel information
- 14-day travel history
- Quarantine plan
- Confirmation of a negative pre-entry test (or positive test taken 14-180 days before to travel)
- Proof of vaccination (must be in English or French, or a certified translation)
- COVID-19 symptom self-assessment

After entry

- **If you meet all the entry requirements and are fully vaccinated, you are exempt from:**
 - 14-day quarantine
 - arrival testing (unless selected for mandatory randomized testing)
 - the day 8 COVID-19 test that is typically required upon entry.
- **If selected for mandatory randomized testing, you do not have to quarantine while waiting for your test results.**
 - If the test is positive, you must follow the instructions of your local public health authority, including isolation.
- **Once in Canada, you can travel on to your final destination.**
- **Keep your proof of vaccination and retain a list of names and contact information for all close contacts and locations visited for 14 days post-entry.**
- **Follow the handout given to you at time of entry and all additional federal, provincial/territorial and local public health measures. This includes wearing a well-constructed, well-fitting mask if you are in a public setting.**
- **If you test positive or develop symptoms, you are required to contact the Public Health Agency of Canada at 1-833-641-0343 within 24 hours.**
